

A Newton's cradle with five silver spheres. The sphere on the far left is replaced by a realistic image of the Earth, showing continents and oceans. The other four spheres are standard polished metal balls. The cradle is suspended by thin wires against a light gray background.

Homework Support for Twice-Exceptional Students

Seminar in Applied
Theory and
Research I

Statement of the Problem

Incorporating a time management graphic organizer as a cover page on weekly homework packets will motivate six elementary students for four weeks at a twice exceptional, private, K-8 school in Battery Park, New York to complete homework accurately and submit homework on time.

C4-5: Homework

Week of: Monday, October 22, 2012

Due: Monday, October 29, 2012

Science

- find and print a tide chart
- share the discovery of PH1 with someone at home
<http://www.thedailybeast.com/cheats/2012/10/15/planet-with-4-suns-discovered.html>
- write a paragraph in your **Science Notebook**, comparing Brahe to Kepler

Reading & Writing

- read independently for at least 20 minutes every weeknight
- add at least two ideas to your **Idea Book**
- record page progress and/or completed independent books on GoodReads.com
- write/respond at least twice to new Discussion Board posts on GoodReads.com

Mathematics

- individualized packet

Subject	Monday	Tuesday	Wed.	Thurs.	Friday
Science					
Reading					
Writing					
Mathematics					

**Assignment pages with
BLANK weekly calendars
are currently used*

Research Hypothesis

Use of a time management graphic organizer as a cover page on weekly homework packets, implemented once per week over a four week period will increase homework accuracy and timeliness.

Gifted & Talented

Strengths-based, hands-on and individualized academics
